Reasons for Allowance

Claims 2-20 are allowable over the prior art of record.

The following is an examiner's statement of reasons for allowance: the best prior art of record, Lytle et al., taken alone or in combination of other references, does not teach or fairly suggest a first-in-first-out circuit or a method comprising, among other things, a write pointer circuit configured to generate a plurality of mutually exclusive write pointer signals in accordance with the write clock signal and a read pointer circuit configured to generate a plurality of mutually exclusive read pointer signals in accordance with the read clock signal (claim 1) and a step of generating a plurality of mutually exclusive write pointer signals in accordance with the write clock signal; and generating a plurality of mutually exclusive read pointer signals in accordance with the read clock signal (claim 12), as set forth in the claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
